

Solution Brief

Digital Receipts, Powered by Weezmo

Modernize the Exit, Maximize the Value

Simplify Receipts. Elevate the Experience.

The introduction of digital receipts into your parking operation offers a forward-thinking solution that aligns with the growing demand for ticketless, paperless experiences. Powered by Weezmo and integrated with the TIBA TL-60, this innovation streamlines both operations and customer touchpoints. It replaces outdated paper-based processes with a sleek, digital alternative that supports a cleaner, faster, and more engaging parking journey.

Streamline Entry and Exit

Digital receipts reduce friction at the gate by eliminating the need for printed receipts. Parkers can scan a QR code or enter a phone number linked to their license plate — all in seconds. This flexibility enhances ADA compliance, speeds up lane flow, and provides a convenient, modern experience that today's drivers expect.

Unlock Data and Marketing Value

Beyond efficiency, digital receipts become a new channel for engagement. Each receipt is a touchpoint — branded, personalized, and capable of delivering tenant offers or property promotions. For operators, this means better data capture, improved analytics, and new revenue potential — all without the need for additional infrastructure.

Parking lot name & Address

Thank you for parking at our facility!
Hope to see you again

How was your experience?

Why Digital Receipts Now?

- + The industry is **shifting rapidly towards ticketless** parking.
- + **Consumers expect mobile-first**, low-contact experiences.
- + It's a **cost-saving, waste-reducing** alternative that delivers **operational and marketing value**.
- + Each receipt becomes a **touchpoint to engage, reward, and retain parkers**.

Operator Benefits

- + **Streamlined Operations:** Say goodbye to ticket jams, printer maintenance and paper supply headaches.
- + **New Revenue Ops:** Use digital receipts to promote tenant offers and boost local engagement.
- + **Smarter Insights:** Track usage patterns, receipt views, and more.

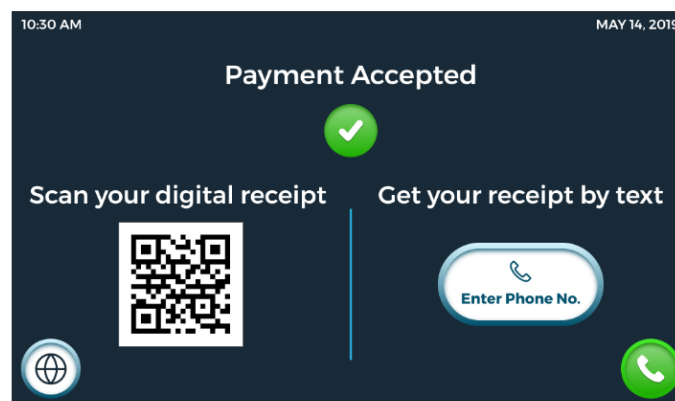

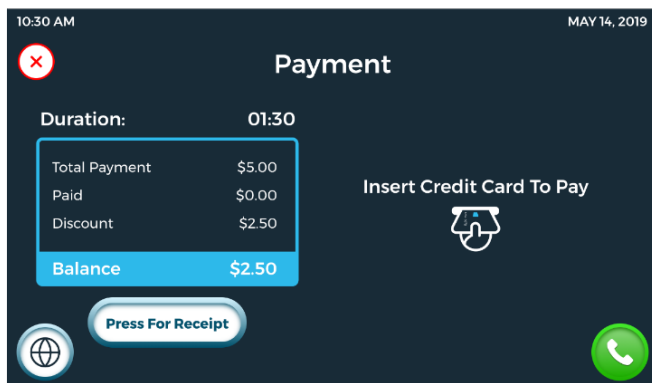

Parker Benefits

- + **Easy, Ticketless Parking:** No ticket to take, lose, or scan — just park and go.
- + **Faster Entry and Exit:** Integrated with LPR and digital payments for speed and convenience.
- + **Customer Communication:** Get receipts and special offers by text, email, or weblink.

How It Works:

Simplified Steps for Digital Receipts

1. Driver enters the facility via LPR or mobile-based credential — no ticket issued.
2. After parking and completing payment:
 - A **QR code** appears on the screen to access a digital receipt.
 - Driver can enter a **phone number** to receive a receipt via text.
 - Frequent users can enter an **email address** on the digital receipt page to enable automatic email receipts — matched via license plate.
3. Digital receipt page can include branded messages, offers, or promotions from tenants.
4. All interactions and data are tied to the vehicle's license plate, enabling better analytics and repeat engagement.

A BRAND OF

Modernizing Parking
Assets Through Innovation

TIBA, a brand of FAAC Parking Solutions, offers innovative parking management systems, integrating advanced technology for seamless, efficient, and secure parking solutions tailored to diverse customer needs.
